Meeting Summary

English Summary:

[UNKNOWN] 0.00s - 0.00s: Sam: We got very close to not starting OpenAI. AGI sounded crazy. There were just a billion things, a billion reasons why people might say you shouldn't do it. We had no ideas for products, no revenue, no really idea that we were ever going to have revenue. It's so hard to remember what it was like 10 years ago .

Translated Summary:

 Sam: We got very close to not starting OpenAI. AGI sounded crazy. There were just a billion things, a billion reasons why people might say you shouldn't do it. We had no ideas for products, no revenue, no really idea that we were ever going to have revenue. It's so hard to remember what it was like 10 years ago .
